APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
and do hereby grant the same, subject to the following limitations and
conditions:

This permit is issued subject to all existing rights on the
source. A valve must be installed and maintained to prevent waste of
water. A meter must be installed in the pipe line, near the point of
diversion, so that accurate measurements of water placed to beneficial
use may be obtained. This source is located within an area that has
been designated by the State Engineer as coming within the meaning of
the provisions of the 1939 Underground Water Act, as amended in 1943;
the State has the right to regulate the use of the water hereing granted
at any and all times.

The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed 0.2
cubic feet per second.

Actual construction work shall begin on or before May 8, 1947

Proof of commencement of work shall be filed before June 8, 1947

Work must be prosecuted with reasonable diligence and be completed on or
before May 8, 1948

Proof of completion of work shall be filed before June 8, 1948

Application of water to beneficial use shall be made on or before
May 8, 1949

Proof of the application of water to beneficial
use must be filed with State Engineer on or before June 8, 1949

Filed JUN 19 1946

WITNESS MY HAND AND SEAL this 15th day
of October, 1946

Withdrawn by applicant APR 16 1951

State Engineer

ALFRED MERRICK SMITH
State Engineer.
